Steve Mullins

Video Producer | Web Designer | Photographer

> PROFILE

I have a high proficiency in many aspects of media production particularly video production. I currently freelance as a video producer working mainly for a start-up 'disruptive' energy company. I've also worked on a temporary basis for companies such as ONS, Barclays and BP. I'm currently seeking long and short term employment within the media industry.

> EXPERIENCE

7/2016 - Present **Planet9 Energy**, Southampton & Dublin
(part-time) **Video Producer**

Planet9 Energy is a start up company owned by The Electricity Board of Ireland. I mainly produce a 2-3 minute energy news report once a week and any other video related projects as and when needed which includes logo openers and social media content. I work weekly with TV Presenters and the client to produce excellent green screen video production content.

3/2012 - Present **Self Employed Southampton**
Video Producer Web Design

Various freelance roles for companies, broadcasters and individuals. Content includes green screen video production, cruise ship reports, travel guides, corporate special events, fitness DVDs, and nightclub aftermovies.
